

Your Sojourn

We work without pay, no staff, no permanent financial aid from state or church. We fulfill a social mission, are politically neutral and not commercially oriented but to the common good.

We keep house according to economic principles. According to our statutes we make no debts and get no bank loans. No fixed prices - everyone is welcome. Your financial support helps cover our expenses and makes this place possible.

Your support / Society of Friends

Volunteer work (once, again and again) in house and gardens welcome. Your sympathy, good wishes, prayers and advertising helps us. Our "Society of Friends" looks forward to each new member.

Donations to our community are only for the no-profit / welfare part of our work, not for the religious part.

We observe ethical criteria like charity navigator & charity commission
